"Visit to Blind School"

26th January 2018

To,
Dr. Prabhakar Desai,
Program Coordinator,
National Service Scheme,
Savitribai Phule Pune University, Pune.

On 26th January we celebrate Republic day of our nation. On account of this, the NSS unit of MMCOE visited girl's blind school to celebrate Republic day in a very special way, so after the flag hoisting at our college we went to girl's blind school.

The girls and the staff welcomed us very warmly. As a student our right hand and our eyes are most important possession we have, without which a normal person cannot do anything. But after staying at blind school for 3 hours, it changed the view of all our students. We understood how strong and powerful is person's willpower. The blind girls were very happy and energetic, that was the most positive thing about the school.

There were many girls studying in the school at different grades. Our NSS students had taken sweets and chocolates for the blind students. Our students also interacted with the blind girls. One of our NSS students played 'Basuri' and brought more positivity in the atmosphere. The school was a boarding one and blind students were taught to be self-sufficient from a very Young age.

It was really very heart touching experience for all our students. The blind students inspired us all & we realized that in spite their disability they are never the less than normal persons.
