

Department of Computer Engineering

Academic Year 2022-2023, Sem-I

Report of Flip Classroom

Date- 19/09/2022

Topic: Internet of Things & Embedded System

Date : 19/09/2022

Time: 10:00 AM to 11:00 AM

No. of Participants: 49

Mode of Conduction: Offline

Co-ordinator: Ms. Aishwarya Mane

Topics given for study:

Unit No. 4, Topic : IoT Protocol

Study material of IoT Protocol is provided to students for self study . The evaluation is carried out on said topic by discussing protocols based on the infrastructure. The session was followed by doubt clearance.

Outcome of the session:

Participants are able to

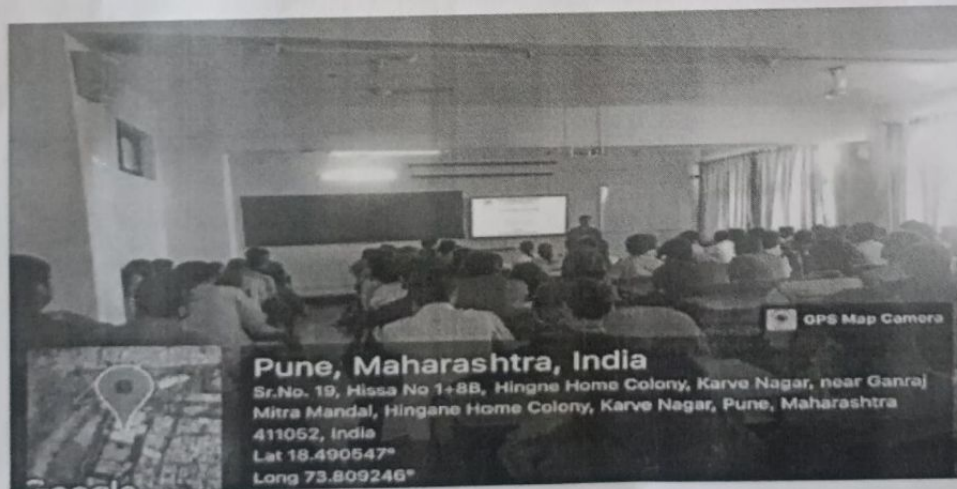

1. Enhance cognitive skills of learning
2. Enhance knowledge about protocol design

Outcome of the session:

Participants are able to

1. Use protocol in application designing

Glimpses of the Session:

Ashwarya
