

Department of Computer Engineering
Academic Year 2022-2023, Sem-II
Report of Innovative Teaching Pedagogy
Activity: Data Story Telling

Date- 17/3/2023

Class: TE II

Subject: DSBDA

Topic: Visualization of data

Date & Time: 17/3/2023 Time: 10:00 AM to 11:00 AM

No. of Participants: 49/80

Mode of Conduction: Offline

Co-ordinator: Dr. Girija Chiddarwar

Way of conduction:

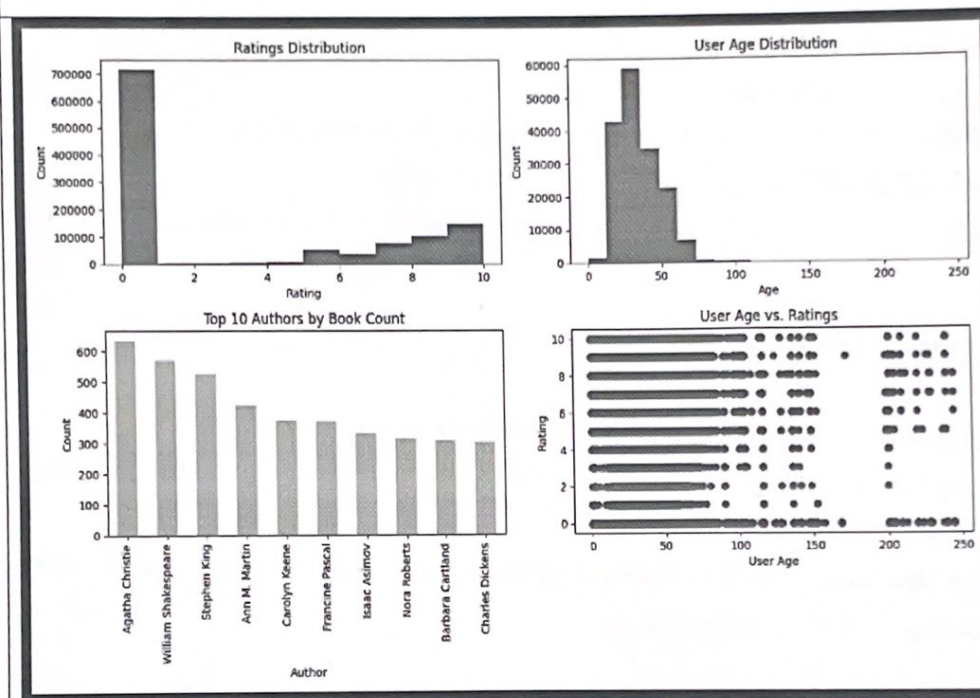

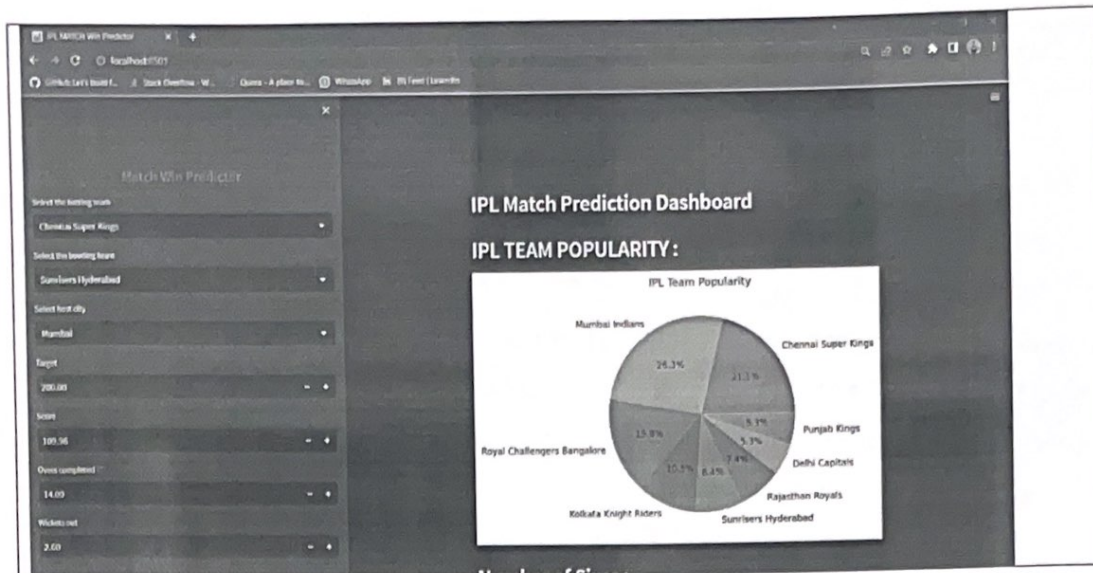

1. Students are given option to select a Dataset
2. Explore and Analyze Data
3. Determine the main insight they want to convey through data storytelling.
4. Select appropriate visualizations to support your storytelling.
5. Create a simple storyboard outlining the sequence of information and visuals in your data story.

Outcome of the session:

Participants are able to

1. Understand compelling narrative that communicates key insights derived from data.
2. Involves translating complex data into a clear and engaging story that can be easily understood by a non-technical audience.
3. Makes data more accessible, impactful, and actionable, enabling better decision-making and understanding of the information presented.

Glimpses of the Session:
