REPORT ON TRELLO

Submitted by:

1. Apoorva Deshpande (TE127).

Title of the project: IOT BASED PLANT WATERING SYSTEM.

What is Trello?

Trello is the visual tool that empowers your team to manage any type of project, workflow, or task tracking. Add files, checklists, or even automation: Customize it all for how your team works best. Trello is a popular project management tool that lets you create and manage tasks. You can set deadlines, leave notes on projects and tasks, and assign tasks to other project collaborators.

Steps to make a Trello project: Step 1: Sign up on Trello. First-time users can sign up by visiting trello.com. ...

Step 2: Create a Board in Trello. ...

Step 3: Create a Team. ...

Step 4: Create Lists in Trello. ...

Step 5: Create Cards in Trello. ...

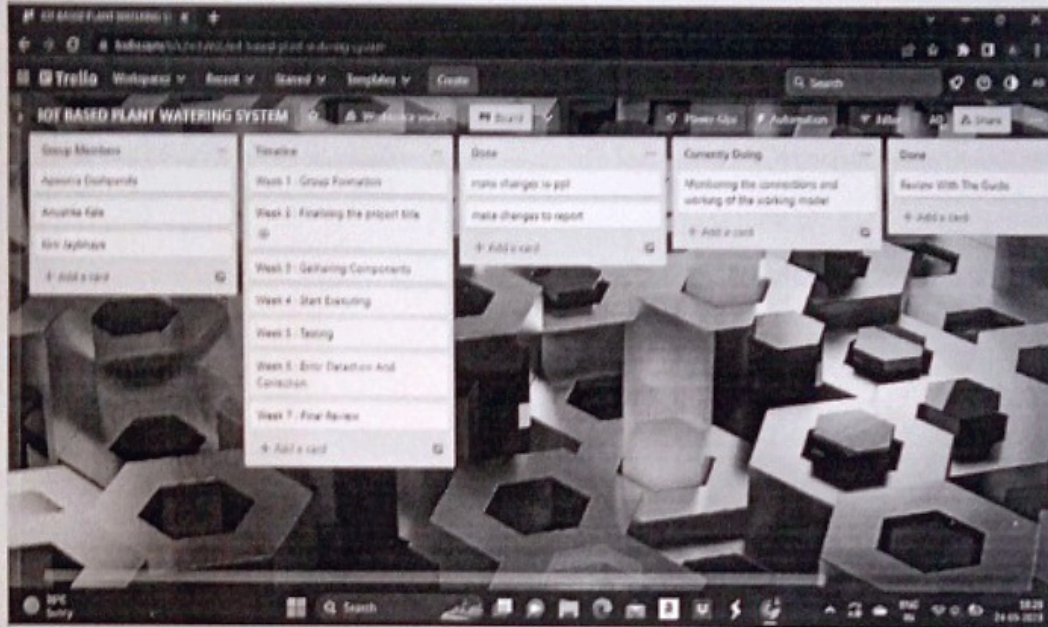

Step 6: Assigning Cards and Giving Due Dates. ...

Step 7: Add Labels to Cards.

The board we created is named as mini project and it has five cards that are ,

1. List of group members.
2. Timeline.
3. Ongoing tasks.
4. To be done tasks.
5. Completed task.
