

MARATHWADA MITRA MANDAL'S

COLLEGE OF ENGINEERING

An Autonomous Institute Approved by AICTE New Delhi
Recognised by Directorate of Technical Education Mumbai
Affiliated to Savitribai Phule Pune University

- NAAC Accredited with A++ Grade
- NBA Accredited
- 'Best College Award 2019' by SPPU

Ref. No.: MMCOE/ETC/2026-27/INT/August/2

Date:

Department of Electronics and Telecommunication Engineering

D.I. No.: ACAD-DI-63

Date of preparation: 12/08/2026

Board of Studies MOM

Department of Electronics and Telecommunication Engineering

Date: 23 July 2026

Mode: Online (email)

Venue: E&TC Department

A.Y.: 2026-27

1. Attendees:

Sr.No.	Name of Member	Designation	Designation in BOS
1	Dr. Ms. Anjali Shripad Bhatlawande	BoS Chairperson	HoD & Associate Professor, MMCOE
2	Mrs. Swati Naresh Deshmukh	Dept. Faculty	Vice Principal & Associate Professor, MMCOE
3	Dr. Ms. Archana Bajirao Kanwade	Dept. Faculty	Associate Professor, MMCOE
4	Dr. Ms. Neeta Nitin Thune	Dept. Faculty	Associate Professor, MMCOE
5	Dr. Ms. Hemlata Makarand Jadhav	Dept. Faculty	Associate Professor, MMCOE
6	Dr. Ms. Manisha Ajay Dudhedia	Dept. Faculty	Associate Professor, MMCOE
7	Dr. Jitendra Madanlal Bakliwal	Dept. Faculty	Assistant Professor, MMCOE
8	Ms. Harshada Nitin Burande	Dept. Faculty	Assistant Professor, MMCOE
9	Ms. Sampada Subodh Tavse	Dept. Faculty	Assistant Professor, MMCOE
10	Ms. Mrinalini Rishikesh Pangaonkar	Dept. Faculty	Assistant Professor, MMCOE
11	Mr. Vasant Bhimrao Deokamble	Dept. Faculty	Assistant Professor, MMCOE
12	Dr. Ms. Rajeshwari Rajanish Malekar	Dept. Faculty	Assistant Professor, MMCOE
13	Ms. Disha Nachiket Parkhi	Dept. Faculty	Assistant Professor, MMCOE

3. Discussions:

The proposed curriculum enhancements for FY, SY, and TY E&TC Engineering were circulated to the Board of Studies members through email dated **23 July 2026**, for review and feedback. The members unanimously expressed their support and approval for the revised curriculum structure, appreciating the inclusion of contemporary, industry-oriented, research-focused, and skill-based courses.

1. The syllabus of Engineering Design and Innovation-I (**EDI-I**) has been revised to focus exclusively on project design and innovation. The elective practical component has been removed from EDI-I. For Program Elective courses (**PEC**) the teaching pedagogy has changed and practicals/projects are included as a part of CIE. BOS approved the changes.
2. In Semester V, Computer Networks has been added as an industry-sponsored elective option. Fundamentals of Java Programming (V semester) and Advanced Java Programming (VI) have been removed from the PEC lists. BOS approved the changes.
3. In Semester VI, the industry-supported PCC course Real-Time Operating Systems with QNX has been introduced in place of Electromagnetics and Wave Propagation (EWP) and EWP has been moved to the PEC.
4. In Semester VI, the Vocational and Skills Enhancement Course (VSE) course Internet of Things and Networking has been redesigned as Internet of Things. No suggestions received from BOS.

Ref. No.:

5. **Change in MDM Track Name:** For AY 2026-27, Industrial Automation is offered as MDM to TY students. However, the track has been renamed from "Embedded Systems" to "Industrial Automation" for SY students from AY 2026-27 as Embedded can not be minor for E&TC students. To maintain uniformity across the batches, the BoS approved the proposal to rename the MDM track.
6. **MDM Course for SPPU Students:** For TY students transitioning from the SPPU pattern to the Autonomy pattern, we propose to continue the "Industrial Automation" track as a MDM bridge course to ensure continuity and alignment with the Autonomy curriculum. No suggestions received from BOS.
7. In Semester VI, the Vocational and Skills Enhancement Course (VSE) course "Internet of Things and Networking" has been redesigned as "Internet of Things". No suggestions received from BOS.
8. Course codes revision of SY course: Course code B25ETXXX is revised to ET24<Course Type>XXX. BOS approved the changes.
9. **Separate Theory and Lab PCC:** The three Programme Core Courses (PCCs) offered in Semesters III and IV have been bifurcated into separate Theory and Practical courses to facilitate the smooth functioning of the ERP-based examination system. No suggestions received from BOS.
10. The **Scientific Research and Publication (SRP)** course has been introduced in Semester III to develop research-oriented aptitude among students, resulting in an increase in the total semester credits from 20 to 22.
11. **Universal Human Values (UHV)** course has been introduced in Semester III to inculcate human values among students. "E-Waste Management" is replaced by UHV under the VEC category as suggested by BOS.
12. **Addition of AEC Courses: Reasoning and Aptitude Development I** (Semester V) and **Reasoning and Aptitude Development II** (Semester VI) have been added as AEC courses. BOS approved the changes.
13. The modifications in the syllabus of **Engineering Exploration** for F.Y. B.Tech. has been approved by BOS.

BOS Chairperson
